GROUND CONTROL SURVEY DATA PROVIDED BY WILSON & COMPANY

The following map represents a survey made by me or under my direction in the County of Maricopa, State of Arizona. I, Ryan R. Branfort, a State of Arizona Registered Land Surveyor (No. 44944, expires 9/30/2009), with my signature and seal affixed below, hereby certify to the Flood Control District of Maricopa County, Arizona that the information shown hereon complies with the National Standard for Spatial Data Accuracy. Tested +/-0.31' horizontal accuracy at 95% confidence level (blind panel - aero triangulation). Tested +/- 0.48' vertical accuracy at 95% confidence level (random elevation checks).

"Certification" when used in the context of this document only constitutes an expression of professional opinion regarding those facts or findings which are the subject of the certification, and does not constitute a warranty or guarantee, either expressed or implied.

THIS MAP WAS PREPARED BY PHOTOGRAMMETRIC METHODS TO NATIONAL MAP ACCURACY STANDARDS FOR 1"= 200' HORIZONTAL SCALE AND 2' CONTOUR INTERVALS.

REGISTERED LAND SURVEYOR CERTIFICATE NO. 44944 RYAN R. BRANFORT ARIZONA U.S.A.

EXP. 6/3 9/30/09

SHEET 60 OF 172

The following map represents a survey made by me or under my direction in the County of Maricopa, State of Arizona. I, Ryan R. Branfort, a State of Arizona Registered Land Surveyor (No. 44944, expires 9/30/2009), with my signature and seal affixed below, hereby certify to the Flood Control District of Maricopa County, Arizona that the information shown hereon complies with the National Standard for Spatial Data Accuracy. Tested +/-0.31' horizontal accuracy at 95% confidence level (blind panel - aero triangulation). Tested +/- 0.48' vertical accuracy at 95% confidence level (random elevation checks).

"Certification" when used in the context of this document only constitutes an expression of professional opinion regarding those facts or findings which are the subject of the certification, and does not constitute a warranty or guarantee, either expressed or implied.

THIS MAP WAS PREPARED BY PHOTOGRAMMETRIC METHODS TO NATIONAL MAP ACCURACY STANDARDS FOR 1"= 200' HORIZONTAL SCALE AND 2' CONTOUR INTERVALS.

REGISTERED LAND SURVEYOR CERTIFICATE NO. 44944 RYAN R. BRANFORT ARIZONA U.S.A. EXPIRES 9/30/09

The following map represents a survey made by me or under my direction in the County of Maricopa, State of Arizona. I, Ryan R. Branfort, a State of Arizona Registered Land Surveyor (No. 44944, expires 9/30/2009), with my signature and seal affixed below, hereby certify to the Flood Control District of Maricopa County, Arizona that the information shown hereon complies with the National Standard for Spatial Data Accuracy. Tested +/-0.31' horizontal accuracy at 95% confidence level (blind panel - aero triangulation). Tested +/- 0.48' vertical accuracy at 95% confidence level (random elevation checks).

"Certification" when used in the context of this document only constitutes an expression of professional opinion regarding those facts or findings which are the subject of the certification, and does not constitute a warranty or guarantee, either expressed or implied.

THIS MAP WAS PREPARED BY PHOTOGRAMMETRIC METHODS TO NATIONAL MAP ACCURACY STANDARDS FOR 1"= 200' HORIZONTAL SCALE AND 2' CONTOUR INTERVALS.

SHEET 72 OF 172

The following map represents a survey made by me or under my direction in the County of Maricopa, State of Arizona. I, Ryan R. Branfort, a State of Arizona Registered Land Surveyor (No. 44944, expires 9/30/2009), with my signature and seal affixed below, hereby certify to the Flood Control District of Maricopa County, Arizona that the information shown hereon complies with the National Standard for Spatial Data Accuracy. Tested +/-0.31' horizontal accuracy at 95% confidence level (blind panel - aero triangulation). Tested +/- 0.48' vertical accuracy at 95% confidence level (random elevation checks).

"Certification" when used in the context of this document only constitutes an expression of professional opinion regarding those facts or findings which are the subject of the certification, and does not constitute a warranty or guarantee, either expressed or implied.

SHEET 87 OF 172

The following map represents a survey made by me or under my direction in the County of Maricopa, State of Arizona. I, Ryan R. Branfort, a State of Arizona Registered Land Surveyor (No. 44944, expires 9/30/2009), with my signature and seal affixed below, hereby certify to the Flood Control District of Maricopa County, Arizona that the information shown hereon complies with the National Standard for Spatial Data Accuracy. Tested +/-0.31' horizontal accuracy at 95% confidence level (blind panel - aero triangulation). Tested +/- 0.48' vertical accuracy at 95% confidence level (random elevation checks).

"Certification" when used in the context of this document only constitutes an expression of professional opinion regarding those facts or findings which are the subject of the certification, and does not constitute a warranty or guarantee, either expressed or implied.

THIS MAP WAS PREPARED BY PHOTOGRAMMETRIC METHODS TO NATIONAL MAP ACCURACY STANDARDS FOR 1"= 200' HORIZONTAL SCALE AND 2'CONTOUR INTERVALS.

The following map represents a survey made by me or under my direction in the County of Maricopa, State of Arizona. I, Ryan R. Branfort, a State of Arizona Registered Land Surveyor (No. 44944, expires 9/30/2009), with my signature and seal affixed below, hereby certify to the Flood Control District of Maricopa County, Arizona that the information shown hereon complies with the National Standard for Spatial Data Accuracy. Tested +/-0.31' horizontal accuracy at 95% confidence level (blind panel - aero triangulation). Tested +/- 0.48' vertical accuracy at 95% confidence level (random elevation checks).

"Certification" when used in the context of this document only constitutes an expression of professional opinion regarding those facts or findings which are the subject of the certification, and does not constitute a warranty or guarantee, either expressed or implied.

THIS MAP WAS PREPARED BY PHOTOGRAMMETRIC METHODS TO NATIONAL MAP ACCURACY STANDARDS FOR 1"= 200' HORIZONTAL SCALE AND 2' CONTOUR INTERVALS.
